**CANDIDATE LOCATIONS FOR SECURITY LIGHTING AT BUS STOPS – SECURITY
LIGHTING UNIT 19 PROJECT**

We are currently designing our next Security Lighting at Bus Stops project. This project is funded by Gas Tax and will improve lighting levels and security at bus stops by installing new pedestrian poles and luminaires.

We request the Council Office to provide us a short list, in priority order, of bus stops which are of special interest within your district and which you think need this kind of lighting.

Please send your list to the Bureau of Street lighting no later than March 28, 2014. We will evaluate locations received from Council Offices citywide and include locations based on need and as funding permits.

Should you have any questions, please contact Sandy Truong at 213-847-1545.

Sincerely,

Ed Ebrahimi, Director
Bureau of Street Lighting
